Re: Old American Zinc (OAZ) Superfund Site - Administrative Order on Consent (AOC) for
RI/FS - Response to letter of February 28, 2005

Dear Ms. Faye:

This letter responds to the issues raised in your letter of February 28, 2005, concerning
assurances your client wishes from the United States Environmental Protection Agency (U.S.
EPA) in light of the pending issuance of the above referenced CERCLA AOC.

After consulting with my Superfund Program client and my management, I can affirm that the
Statement of Work (SOW) to be attached to the AOC for RI/FS will be the February 23, 2004
version that you refer to in your letter.

In reference to the next matter that you raise, as I have indicated previously to you, it has always
been the intention of U.S. EPA to issue a CERCLA UAO for cooperation and participation to
Potentially Responsible Party XTRA Intermodal, Inc. U.S. EPA plans to issue this UAO at the
time of the execution of the above referenced AOC, or immediately thereafter.

Finally, in reference to the last matter that you raise, U.S. EPA is prepared to schedule a technical
meeting in regard to preparation of the SOW Support Sampling Plan and other planning
documents as soon as possible. This meeting could occur immediately following the signing and
issuance of the above referenced AOC. However, we could certainly schedule the meeting
presently. I would advise that your technical consultant get in contact with Mr. Ron Murawski,
RPM of our Superfund Division, in order to promptly schedule the meeting. Mr. Murawski can
be reached at 312/886-2940.

Please feel free to contact me with any comments or questions at 312/886-6613.
